## Election of Single Disclosed Invention

In the Office action, a restriction requirement has been imposed upon the Applicant under 35 U.S.C. 121. The Examiner contends that the application discloses two separate and unrelated inventions, wherein a first invention is embodied in claims 1-11, and a second invention is embodied in claims 12-18. Accordingly, the Applicant is required to elect a single disclosed invention for examination.

In response, the Applicant hereby elects without traverse the first invention as embodied in claims 1-11.

## Summary

The Applicant believes that this response constitutes a full and complete reply to the Office action.

Respectfully submitted,

Carl S. Chow
